2023 Jeep Grand Cherokee

WE DELIVER ANYWHERE IN CANADA!

Refined comfort meets legendary capability in the 2023 Jeep Grand Cherokee Limited. This midsize SUV blends premium features with authentic Jeep performance, giving you confidence on the highway and beyond the pavement.

From the outside, the Grand Cherokee Limited carries a bold, upscale presence. The signature seven slot grille, sleek LED lighting, and sculpted body lines create a modern, commanding look that stands out in any setting.

Inside, the Limited trim delivers true comfort. Leather trimmed seating, heated front and rear seats, and a heated steering wheel make every drive more enjoyable. The power adjustable driver's seat with memory settings adds convenience, while the spacious two row layout offers generous legroom for passengers. The rear seats fold flat to expand cargo space, making it easy to load luggage, groceries, or weekend gear.

Under the hood, the proven 3.6L Pentastar V6 engine produces 293 horsepower and 260 lb ft of torque, paired with a smooth 8 speed automatic transmission. The ride is quiet and composed, and four wheel drive systems enhance traction and control in rain, snow, or light off road conditions. When properly equipped, the Grand Cherokee can tow up to 6,200 pounds, adding real versatility.

Technology is front and center. A large touchscreen infotainment system includes navigation, Apple CarPlay, and Android Auto for seamless connectivity. A digital driver display presents key vehicle information clearly, while a premium audio system enhances every drive.

Safety is built in. Adaptive Cruise Control, Blind Spot Monitoring, Lane Management System, Forward Collision Warning with Active Braking, and a rear view camera work together to support confidence behind the wheel.
