2022 Chevrolet Bolt EUV

Plug in our 2022 Chevrolet Bolt EUV Premier and prepare for efficient adventures with a bold Mosaic Black Metallic design! Motivated by an Electric Motor offering 200hp tethered to a Single Speed Automatic transmission. With that setup, our Front Wheel Drive SUV supplies brisk acceleration, scores approximately 1.9L/100km in the city, and can travel approximately 397 kilometers without recharging. Our Bolt EUV boasts handsome good looks with signature LED lighting, roof rails, heated power mirrors, bold alloy wheels, and chrome and gloss-black accents.

Practicality and premium features come together in our Premier cabin along with leather heated/ventilated front and heated rear seats, eight-way power for the driver, a heated leather steering wheel, automatic climate control, rear-seat heat ducts, keyless entry/ignition, and a handy 12V power outlet. In addition, it's easy to stay connected with sophisticated technology like a 10.2-inch touchscreen, wireless Android Auto/Apple CarPlay, Bluetooth, WiFi compatibility, wireless charging, and a six-speaker audio system. It's a smart interior that's plenty versatile, too!

Chevrolet takes charge of your safety with advanced driver assistance from an HD backup camera, automatic braking, forward collision alert, lane-keeping assistance, ABS, 10 airbags, and more. So EV excitement is on the horizon with our Bolt EUV Premier!
