2022 GMC Yukon XL

Our Diesel powered 2022 GMC Yukon Denali XL 4WD in Summit White is one of the biggest and boldest SUVs you can buy! Motivated by a TurboCharged 3.0 Litre DuraMax Diesel 6 Cylinder supplying 277hp and 460lb-ft of torque to a 10 Speed Automatic transmission. This Four Wheel Drive SUV also conquers what comes next with Magnetic Ride Control, and it returns approximately 8.7L/100km on the highway. Distinctive Denali details add exclusive elegance to go with our Yukon’s impressive LED lighting, fog lamps, bright roof rails, 20-inch alloy wheels, assist steps, dual exhaust outlets, and a hands-free liftgate with emblem projection.

Delivering luxury to larger families, our massive Denali cabin has leather heated/ventilated power front seats, heated second-row captain’s chairs, a power-folding third row, a heated leather power steering wheel, tri-zone automatic climate control, and intelligent technologies. Connect as you go with a 12-inch driver display, a 10.2-inch touchscreen, voice recognition, a built-in Google Assistant, wireless Android Auto/Apple CarPlay, Bluetooth, WiFi compatibility, Bose audio, wireless charging, and a 15-inch head-up display.

GMC helps safeguard your driving with HD surround-vision, automatic braking, a blind-spot monitor, lane-keeping assistance, and more. All that and a truck-style frame give our Yukon XL Denali undeniable advantages!
