2021 Chevrolet Spark

This 2021 Chevrolet Spark is part of a Bannister Chilliwack only, special purchase. Thanks to our managing partner's longstanding 20+ year relationship with Enterprise's Group Fleet Manager, we secured an exclusive special purchase of 62 fleet vehicles at exceptional pricing. This strategic acquisition allows us to extend significant savings directly to our customers, offering unbeatable value on these high-quality units.

The 2021 Chevrolet Spark 1LT in Mosaic Black Metallic is a smart, stylish, and remarkably efficient subcompact hatchback that delivers big value in a small package. With just under 85,000 kilometers on the odometer, this well-maintained example offers a perfect blend of reliability, fuel economy, and practical everyday features that make it an ideal daily driver or commuter car for anyone who wants to keep costs low without sacrificing modern tech or comfort. Whether you're navigating crowded city streets, fitting into tight parking spots, or heading out on a weekend trip, the Spark is a confident, capable companion with surprising versatility.

Powered by a peppy yet efficient 1.4L DOHC 4-cylinder engine, the Spark produces 98 horsepower and 94 lb-ft of torque—more than enough to zip through traffic and cruise comfortably at highway speeds. Paired to Chevrolet's CVT (Continuously Variable Transmission), the drive is smooth, responsive, and impressively efficient. This little hatch is designed to go the distance with an estimated fuel economy of just 7.7 L/100km in the city and 6.2 L/100km on the highway. It's a budget-friendly performer, allowing you to stretch every tank of gas whether you're commuting daily or taking occasional longer drives.

Step inside, and the Spark 1LT reveals a surprisingly spacious and well-thought-out interior. It comfortably seats four passengers, and the rear seats feature a 60/40 split-folding function that opens up extra cargo space when needed. Behind the rear seats, you'll find 314 liters (11.1 cubic feet) of storage capacity—ideal for groceries, a gym bag, or everyday essentials. With the seats folded, that capacity grows to an impressive 770 liters (27.2 cubic feet), giving you ample room for larger items like luggage, boxes, or camping gear. Despite its compact size, the Spark knows how to make space work in your favor. Storage compartments throughout the cabin—including door pockets, cupholders, a center console, and glovebox—help keep things tidy and within reach.

The tech inside the Spark 1LT is just as impressive. Front and center is the Chevrolet Infotainment 3 system with a vibrant 7-inch color touchscreen. Apple CarPlay and
