2021 Nissan Rogue

This black 2021 Nissan Rogue S AWD is a smart choice for anyone seeking a dependable, versatile compact SUV with proven capability and plenty of life left. With just under 112,000 kilometers on the odometer, this Rogue combines Nissan’s well-earned reputation for reliability with practical all-wheel-drive performance, making it ready to tackle a wide range of driving conditions with confidence.

Powered by a responsive 2.5-liter 4-cylinder engine paired with a smooth continuously variable transmission (CVT), the Rogue S AWD offers a balanced blend of power and efficiency. Expect an average fuel consumption of approximately 8.3 liters per 100 kilometers combined, which means this SUV keeps running costs reasonable whether you’re commuting daily or heading out on longer trips. The intelligent all-wheel-drive system automatically shifts torque between the front and rear wheels to maintain optimal traction, especially useful in rain, snow, or on unpaved roads, giving you peace of mind no matter the season.

The exterior black finish gives this Rogue a timeless, sleek appearance that pairs well with its aerodynamic and modern design cues. Nissan’s signature V-Motion grille is front and center, flanked by sharp headlights that provide excellent visibility and a confident presence on the road. The body lines are smooth yet purposeful, contributing to both style and improved fuel economy.

Inside, the Rogue S AWD offers a spacious and functional cabin designed for comfort and convenience. It seats five comfortably, with cloth upholstery that balances durability and comfort. The rear seats fold flat in a 60/40 split to create a flexible cargo area that can accommodate everything from weekly groceries to larger gear like bicycles or camping equipment. This versatility makes the Rogue an ideal choice for families, outdoor enthusiasts, or anyone needing adaptable storage solutions.

Technology inside the cabin keeps you connected and entertained with an easy-to-use 7-inch touchscreen infotainment system that supports Apple CarPlay and Android Auto. These features allow seamless integration of your smartphone for navigation, music streaming, and hands-free calling. Additional amenities include Bluetooth connectivity, USB ports, and a rearview camera to assist with parking and reversing safely.
