## 2019 Ford Ranger

### WE DELIVER ANYWHERE IN CANADA!

Midsized with full size confidence. The 2019 Ford Ranger XLT delivers strong turbocharged power, smart technology, and everyday truck versatility in a package that is easy to drive and ready to work.

On the outside, the Ranger XLT features a bold grille, muscular fenders, and a durable pickup design that looks right at home on the job site or at the campsite. Chrome accents and alloy wheels add a clean, modern touch to its rugged styling.

Under the hood, a 2.3L EcoBoost turbocharged 4 cylinder engine delivers 270 horsepower and 310 lb ft of torque, paired with a smooth 10 speed automatic transmission. It offers strong acceleration, excellent low end pulling power, and impressive towing capability when properly equipped. Four wheel drive adds extra traction and confidence when the pavement ends or weather conditions change.

Inside, the XLT trim offers a comfortable and practical cabin. Premium cloth seating, a power adjustable driver's seat, and a clean dashboard layout make it easy to settle in and get moving. Rear seating and storage depend on cab configuration, but the Ranger is designed to balance passenger comfort with truck utility.

Technology is one of the Ranger's strong points. The SYNC 3 infotainment system includes a touchscreen display with Apple CarPlay and Android Auto for seamless smartphone connectivity. Bluetooth, USB ports, and steering wheel mounted controls make it easy to stay connected on the go.

Safety features help support confidence behind the wheel. Blind Spot Monitoring, Lane Keeping System, Pre Collision Assist with Automatic Emergency Braking, and a rear view camera all work together to enhance awareness and peace of mind.

### OPTIONS
