2014 Nissan Xterra

The 2014 Nissan Xterra PRO-4X is built for drivers who crave adventure and need a vehicle that can keep up. Rugged, capable, and reliable, this SUV is designed to handle everything from daily driving to off-road exploration with ease.

Power comes from a 4.0-litre V6 engine delivering 261 horsepower and 381 Nm of torque, paired with a 5-speed automatic transmission. With four-wheel drive, hill descent control, and a tough body-on-frame design, the Xterra PRO-4X is at home both on the highway and on the trail.

The PRO-4X trim adds serious off-road upgrades, including Bilstein® performance shocks, skid plates, electronic locking rear differential, and roof-mounted off-road lights, making it a go-anywhere SUV with real capability.

Inside, you'll find a cabin that's both functional and comfortable, featuring leather-appointed seating, heated front seats, Rockford Fosgate® premium audio system, Bluetooth® connectivity, and plenty of cargo space with an easy-to-clean, rugged rear floor surface.

Whether you're seeking weekend adventures or a tough and reliable SUV for everyday life, the 2014 Nissan Xterra PRO-4X delivers a rare combination of durability, comfort, and off-road prowess.
