History

This 2017 F-350 Lariat is another trade from longtime Dearborn Ford customers who just stepped up to a 2026 Super Duty, so it comes from owners we already know. It is a serious tow rig set up right, with the 6.2L gas V8, 4x4 with electronic shift on the fly, a 3.73 electronic locking axle, the trailer tow package, an integrated trailer brake controller, and fifth wheel hitch prep for pulling a big trailer or RV. The FX4 Off-Road Package adds skid plates and underbody protection for the buyer who leaves the pavement, and it rolls on 20 inch machined aluminum wheels with all-terrain tires. Inside it is a proper Lariat, with heated and cooled leather seats, navigation, SYNC 3, a twin panel moonroof, power adjustable pedals with memory, and an ultimate trailer tow camera system that makes lining up to a hitch easy. Finished in White Platinum Metallic Tri-Coat over black leather and showing just over 92,000 km, it pairs heavy duty capability with the comfort you want for long days behind the wheel. The full Carfax report is available right on this listing and we are happy to walk you through it together.
