2025 Chevrolet Silverado 1500

Off road attitude meets everyday capability in the 2025 Chevrolet Silverado 1500 LT Trail Boss. Built for drivers who want rugged performance without giving up comfort or technology, this truck is ready for the job site, the highway, and the trail.

From the outside, the LT Trail Boss stands out with a factory lifted suspension, aggressive all terrain tires, blacked out accents, red recovery hooks, and bold Chevrolet styling. Its commanding stance and durable design make it look every bit as capable as it is.

Under the hood, the Silverado offers a powerful engine built for towing, hauling, and adventure. Paired with a smooth automatic transmission and standard four wheel drive, the LT Trail Boss delivers strong acceleration, confident traction, and impressive capability when the terrain gets rough.

Inside, the cabin blends rugged utility with modern comfort. Premium cloth seating, a power adjustable driver's seat, and a spacious layout make long drives and workdays more comfortable. The rear seat offers generous room for passengers, and smart storage solutions help keep tools and gear organized.

Technology is front and center. The large touchscreen infotainment system includes Google built in, Apple CarPlay, and Android Auto for seamless connectivity. A digital driver display keeps key information easy to read, while available wireless charging and multiple USB ports add everyday convenience.

Safety features help support confidence wherever you drive. Forward Collision Alert, Lane Keep Assist, Blind Zone Steering Assist, Rear Cross Traffic Braking, and a rear view camera all work together to enhance awareness on and off the road.

Rugged, capable, and loaded with modern features, the 2025 Chevrolet Silverado 1500 LT Trail Boss delivers off road confidence with full size truck versatility. Book your test drive with Bannister GP Honda today!
