## 2023 Chevrolet Bolt EV

### \*GM CERTIFIED PRE-OWNED RATES @ 0.99% O.A.C

Step into the future of driving with this 2023 Chevrolet Bolt EV 1LT, a smart and efficient all-electric hatchback designed for modern life. With just 33,436 km and a no-accidents history, this pre-owned Bolt EV offers an exceptional blend of technology, comfort, and zero-emissions driving—perfect for commuters and eco-conscious drivers looking to save on fuel and maintenance costs.

Powered entirely by electricity, this Bolt EV delivers instant acceleration and a smooth, quiet ride, making every drive enjoyable. It offers flexible charging options with both 120-volt (Level 1) and 240-volt (Level 2) capability, allowing you to conveniently charge at home or take advantage of faster charging solutions when needed. The innovative one-pedal driving mode enhances efficiency while simplifying stop-and-go traffic. Inside, you'll find a comfortable cabin with heated front seats and a heated steering wheel, ideal for Canadian winters. Stay connected with Apple CarPlay and Android Auto through the intuitive 10.2-inch touchscreen infotainment system, while the 360-degree camera and rear parking aids make maneuvering effortless. Advanced safety features including lane departure warning, blind spot monitoring, following distance indicator, and rear cross-traffic alert provide added confidence on every trip.

This quality inspected, pre-owned Chevrolet Bolt EV has undergone a comprehensive inspection and reconditioning process at our GM dealership, ensuring it meets the highest standards for safety, performance, and long-term reliability. It's an affordable and forward-thinking choice for your next vehicle.

Don't miss your opportunity to own this efficient and tech-forward used 2023 Chevrolet Bolt EV 1LT. Visit us today to take it for a test drive and experience the benefits of electric driving firsthand—this one won't last long!
