2022 Acura RDX

The 2022 Acura RDX A-Spec blends sharp design with confident performance. It stands out with a bold grille, dark trim, and sleek lines that give it a sporty edge. It looks fast even when it is parked.

Power comes from a 2.0L turbocharged engine that feels quick and smooth. The 10-speed automatic shifts clean and keeps the drive quiet. Acura's Super Handling All-Wheel Drive adds control in corners and confidence in rough weather. It feels planted on the road and easy to drive every day.

Inside, the cabin feels upscale and focused on the driver. The A-Spec trim adds sport seats, red stitching, and metal accents that give it a clean, athletic feel. Heated front seats and a heated steering wheel keep you warm, while the panoramic roof brings in light and space. The infotainment system includes Apple CarPlay and Android Auto, with a crisp display and intuitive controls.

Comfort and function work well together. There is plenty of room for passengers and cargo, making it practical for both daily use and longer trips. The power liftgate adds convenience, and the quiet cabin makes every drive more relaxed.

Safety is built in with AcuraWatch. Adaptive cruise control, lane keeping assist, collision mitigation braking, and road departure mitigation help you stay aware and in control.

The 2022 Acura RDX A-Spec is a strong choice for drivers who want luxury, performance, and everyday usability in one refined SUV.
