## 2004 Ford FREIGHTLINER

Work-Ready 2004 Freightliner M2 Diesel | 7.2L Caterpillar Engine | VALID SAFETY | High-Capacity Box with Power Liftgate

Expand your fleet without breaking the bank. This 2004 Freightliner M2 is a proven workhorse that combines a high-capacity box with the convenience of a power liftgate. Its the perfect solution for local deliveries, moving services, or mobile storage.

Why Youll Love It:

**Ready to Haul:** The spacious 26ft+ dry van body handles big loads with ease.

**Work Smarter:** Equipped with a hydraulic rear liftgate to make loading heavy appliances or pallets safe and efficient.

**Professional Look:** Features a clean white exterior that is ready for your company decals, plus a "Medium Deluxe" cab with a chrome grille and polished mirrors that look great on the road.

**Driver Comfort:** The M2 chassis offers excellent visibility and a tight turning radius, making it easier to navigate city streets than older style trucks.

**Transparency & Condition:** We believe in fair pricing and total transparency. To offer you the lowest possible price, we are selling this truck "As-Is" (Uncertified).

**The Opportunity:** By purchasing the vehicle uncertified you can choose your own trusted mechanic to perform the safety inspection.

**Condition:** The truck runs and drives strong. As expected for the year, there is some cosmetic wear and typical surface aging on the undercarriage, but the "bones" of the truck offer solid potential.

Price does not include taxes and licensing fees.
