## 2025 Toyota Camry

### NEW TO CANADA? WE HAVE AN APPROVAL WAITING FOR YOU!

Sharp style meets modern efficiency in the 2025 Toyota Camry XSE. This sport inspired sedan blends bold design, advanced hybrid performance, and premium comfort into one standout package.

From the outside, the XSE trim makes a strong impression with its aggressive front fascia, black mesh grille, sport tuned stance, and two tone styling with available black roof. Sleek LED lighting and large alloy wheels complete the look, giving the Camry a confident, athletic presence.

Under the hood, the next generation hybrid powertrain delivers impressive efficiency with responsive performance. Instant electric torque provides smooth, quick acceleration, while excellent fuel economy keeps you on the road longer. The refined suspension and sport tuned handling give the XSE a more engaging feel without sacrificing ride comfort.

Inside, the cabin blends sport and luxury. Leather and sport trimmed seating with contrast stitching, heated front seats, and a power adjustable driver's seat create a premium, driver focused environment. The interior is quiet and spacious, offering generous rear seat room and a practical trunk for everyday needs.

Technology is front and center. A large touchscreen infotainment system includes navigation, Apple CarPlay, and Android Auto for seamless connectivity. A fully digital driver display provides clear vehicle and hybrid system information, while a premium JBL audio system delivers crisp, immersive sound. Wireless charging and multiple USB ports add modern convenience.

Safety comes standard with Toyota Safety Sense. Adaptive Cruise Control, Lane Tracing Assist, Pre Collision System with Pedestrian Detection, Blind Spot

### OPTIONS

- ✓ Air Conditioning
