2022 Ram 1500

Bold looks. Proven strength. Everyday comfort. The 2022 Ram 1500 Big Horn delivers full size truck capability without sacrificing refinement.

On the outside, the Big Horn stands tall with its signature grille, chrome accents, and strong body lines. It has the presence you expect from a Ram, whether it is parked at the job site or heading out for the weekend.

Under the hood, the 5.7L HEMI V8 produces up to 395 horsepower and 410 lb ft of torque, giving you serious pulling power. When properly equipped, the Ram 1500 can tow up to 12,750 pounds and handle heavy payloads with confidence. A smooth 8 speed automatic transmission ensures responsive acceleration and composed highway cruising. Four wheel drive adds traction and control in tough conditions.

Inside, the Big Horn offers a comfortable and well laid out cabin. Premium cloth seating, a power adjustable driver's seat, and smart storage solutions make it practical for both work and daily life. The spacious Crew Cab configuration provides generous rear legroom, making it ideal for passengers or crew members.

Technology keeps you connected and in control. The Uconnect touchscreen system features Apple CarPlay and Android Auto, delivering easy access to navigation, music, and hands free communication. A digital driver information center displays key vehicle data clearly, while multiple USB ports keep devices powered.

Safety features support confidence on every drive. Blind Spot Monitoring, Rear Cross Path Detection, Forward Collision Warning, Lane Keep Assist, and a rear view camera help enhance awareness whether towing, commuting, or navigating tight spaces.

Strong, comfortable, and built to perform, the 2022 Ram 1500 Big Horn offers the perfect balance of work ready capability and everyday usability. Book your test drive with Bannister GP Kia today!
