2024 BMW 8 Series

This 2024 BMW M850i xDrive Coupe in Black Sapphire Metallic is a masterpiece of power, precision, and presence — a grand tourer that perfectly balances luxury and performance. Every detail has been crafted to deliver an experience that excites the senses and rewards the driver with pure, refined exhilaration.

This M850i is equipped with the luxurious Premium package, which includes a full driver safety suite with features like adaptive cruise, lane departure, evasion assist, and more. This package also features heated/cooled front seats—plus comes equipped with the Connected Professional package with wi-fi hotspot capability.

Under the hood, the M850i houses a 4.4-litre twin-turbocharged V8 engine, producing a breathtaking 523 horsepower and 553 lb-ft of torque. Paired with an 8-speed automatic transmission and BMW's xDrive all-wheel drive system, it launches from 0 to 100 km/h in just 3.7 seconds. The result is effortless acceleration, impeccable control, and the unmistakable thrill that only a true BMW M Performance model can deliver.

The design is pure elegance with purpose — from the sculpted aerodynamic lines and 20-inch M alloy wheels to the adaptive LED headlights that cut through the night with precision. Every curve of the M850i reflects both speed and sophistication.

Inside, the cabin surrounds you in handcrafted luxury. Merino leather upholstery, heated and ventilated multi-contour seats, and an M Sport steering wheel create the perfect environment for grand touring comfort. The ambient lighting, carbon fibre trim accents, and Bowers & Wilkins Diamond surround sound system elevate every drive into a sensory experience.

Technology is seamlessly integrated with a 12.3-inch digital display, head-up display, and BMW's iDrive 8 infotainment system with Apple CarPlay® and Android Auto™. Advanced driver assistance features, including adaptive cruise control, lane-keeping assist, and parking assistance, provide confidence and ease

OPTIONS
