History

This Ranger came to us as a fresh trade from a local Kamloops family who have since moved into a Ford Maverick. They are new to Dearborn, and we were glad to have them. It is a SuperCrew 4x4 with the 2.3L EcoBoost and an automatic transmission, the kind of capable mid-size truck that handles the daily commute and the back road with equal ease. If you have been priced out of a new truck but still want 4x4, a proper cab, and a real box, this one checks those boxes at a price that makes sense. The full Carfax report is available right on this listing and we are happy to walk you through it together.
