2025 Chevrolet Silverado 1500

The 2025 Chevrolet Silverado 1500 Custom Trail Boss is built for drivers who want serious off-road capability without sacrificing everyday comfort. With rugged design, lifted suspension, and Chevy’s proven power under the hood, this truck is ready for whatever the road—or trail—throws your way.

Power comes from a robust 5.3-litre EcoTec3 V8 engine, producing 355 horsepower and 519 Nm of torque, paired with a smooth 10-speed automatic transmission and standard 4x4. The factory 2-inch suspension lift and Z71 Off-Road Package—including Rancho® shocks, skid plates, and hill descent control—give it the confidence to handle tough terrain while still offering a composed ride on the pavement.

The Custom Trail Boss stands out with black 18-inch alloy wheels, aggressive all-terrain tires, black bumpers and grille, and a bold stance that commands attention. Inside, you’ll find a durable and functional cabin with premium cloth seating, power windows and locks, remote start, and a user-friendly 7-inch touchscreen infotainment system with Apple CarPlay® and Android Auto™.

With a high-strength steel bed, multiple tie-down points, and the CornerStep rear bumper, loading and securing cargo is simple. Plus, advanced safety features like a rearview camera, stability control, and trailer sway control give you extra confidence whether you’re towing, hauling, or exploring off the beaten path.

Rugged, capable, and unmistakably bold, the 2025 Chevrolet Silverado 1500 Custom Trail Boss is the truck that’s ready to work hard and play even harder.
