2015 Ford Escape

This black 2015 Ford Escape Titanium 4WD is a perfect blend of style, capability, and premium features—made even more appealing by its exceptionally low mileage for the year, with just under 99,000 kilometers on the odometer. Well-maintained and thoughtfully equipped, it offers the performance and versatility that makes the Escape a favorite, paired with the upscale refinement of the Titanium trim. Whether you need a comfortable daily driver, a confident winter performer, or an SUV that can adapt to family life and weekend getaways, this Escape is ready to deliver.

Under the hood, you'll find a powerful and efficient 2.0-liter EcoBoost turbocharged engine, producing smooth, responsive acceleration that makes highway merging and passing effortless. This engine pairs with a six-speed automatic transmission, providing confident, refined shifts whether you're cruising through the city or hitting the open road. The intelligent 4WD system adds year-round security, automatically adjusting power delivery between the front and rear wheels to ensure maximum traction on slippery roads, uneven terrain, or during sudden weather changes. Together, these systems make the Escape Titanium equally at home on winding rural roads or in urban traffic.

The Titanium trim elevates the driving experience with an interior designed for both style and comfort. The leather-trimmed seats are plush yet supportive, and the heated front seats ensure warmth during cold-weather mornings. The power-adjustable driver's seat with memory settings allows you to tailor your seating position for optimal comfort every time you drive. Dual-zone automatic climate control keeps the cabin perfectly comfortable for both driver and passengers, while the leather-wrapped steering wheel adds a refined touch.

With seating for five and a 60/40 split-folding rear seat, the Escape adapts easily from people-carrier to cargo hauler. Whether you're transporting groceries, sports equipment, luggage, or home improvement supplies, the generous cargo area can be configured to fit your needs. The hands-free power liftgate makes loading and unloading effortless—simply wave your foot under the rear bumper, and the liftgate opens automatically, perfect for when your hands are full.

Inside, the 2015 Titanium comes loaded with advanced technology to keep you connected and entertained. Ford's SYNC infotainment system offers voice-activated
