2024 Chevrolet Silverado 3500HD

\*GM CERTIFIED PRE-OWNED RATES @ 4.99% O.A.C

The 2024 Chevrolet Silverado 3500HD LTZ in stunning black-on-black is a bold and uncompromising statement of strength, refinement, and cutting-edge capability. With just over 46,500 kilometers on the odometer, this one-owner, 4x4 diesel powerhouse is in outstanding condition and represents the perfect fusion of modern luxury and work-ready toughness. Built for those who expect more from their truck—more towing power, more comfort, and more advanced technology—the LTZ trim delivers premium features without losing a shred of the Silverado’s renowned durability.

Under the hood, you’ll find the commanding 6.6-liter Duramax Turbo-Diesel V8, producing a robust 470 horsepower and an astonishing 975 lb-ft of torque. Paired with the heavy-duty 10-speed Allison automatic transmission, this powertrain ensures smooth gear transitions, intelligent torque management, and the muscle to pull virtually anything you throw behind it. Whether you’re towing a large fifth-wheel trailer, hauling commercial equipment, or navigating off-road terrain with confidence, the Silverado 3500HD LTZ responds with total authority. Its towing capacity exceeds 36,000 pounds when properly equipped, and its payload strength makes it just as valuable for heavy bed loads as it is for trailering. The 4x4 system with an automatic locking rear differential enhances traction in all conditions, ensuring you’re never held back by mud, snow, gravel, or steep grades.

Visually, the black exterior is sleek, aggressive, and upscale—accented with chrome trim, signature LED lighting, bold alloy wheels, and the kind of commanding presence only a Silverado HD can deliver. Open the door, and the black interior welcomes you into a world that rivals many luxury SUVs. The LTZ trim adds perforated leather-appointed seating with heating and ventilation for the front passengers, dual-zone automatic climate control, and power-adjustable front seats with memory settings. It’s a cabin built for long hauls, high productivity, and everyday comfort.

Tech-wise, this Silverado is loaded with convenience and connectivity. The large, high-definition infotainment system features Apple CarPlay, Android Auto, voice recognition, and available Google Built-In services. With internet-based navigation, streaming capabilities, and the option for built-in Wi-Fi hotspot, you’re connected wherever you go.
