2012 GMC Sierra 2500HD

WE DELIVER ANYWHERE IN CANADA!

Heavy duty strength meets premium Denali comfort in the 2012 GMC Sierra 2500HD Denali. Built to tow, haul, and work hard, this truck delivers serious capability while surrounding you with upscale features and bold styling.

On the outside, the Sierra 2500HD Denali stands out with its signature chrome Denali grille, sculpted hood, large alloy wheels, and muscular body lines. It has the commanding look you want in a heavy duty pickup, with the premium details that set Denali apart.

Under the hood, the 6.6L Duramax Turbo Diesel V8 delivers massive torque and confident towing power, paired with the respected Allison automatic transmission for smooth, dependable shifting under load. The heavy duty suspension and strong frame make this truck ready for trailers, equipment, and demanding work, while available four wheel drive adds traction and control when conditions get rough.

Inside, the Denali trim brings real comfort to the job. Leather seating, heated and ventilated front seats, a heated steering wheel, and a power adjustable driver's seat create a refined cabin built for long drives and hard days. The spacious interior offers excellent room for passengers, and smart storage keeps gear organized.

Technology and convenience features include navigation, Bluetooth connectivity, premium Bose audio, steering wheel mounted controls, and a driver information center that keeps important vehicle data easy to access.

Safety features help support confidence when towing or hauling. Stability control, trailer sway control, rear park assist, a rear view camera, and multiple airbags all work together to enhance awareness and control.
