2018 Honda Pilot

Spacious, refined, and built for family life, the 2018 Honda Pilot Touring delivers comfort, technology, and confident performance in one well rounded SUV.

On the outside, the Pilot features clean body lines, bold front styling, and a strong stance that gives it a modern yet practical look. It feels substantial on the road while remaining easy to drive and maneuver.

Inside, the Touring trim adds premium touches throughout the three row cabin. Leather trimmed seating, heated front and second row seats, and a power adjustable driver's seat create a comfortable environment for long drives. The second row captain's chairs provide easy access to the third row, while the power folding third row makes switching between passengers and cargo simple. A rear entertainment system keeps passengers engaged on road trips, and tri zone automatic climate control keeps everyone comfortable.

Under the hood, a 3.5L V6 engine produces 280 horsepower paired with a smooth 9 speed automatic transmission. Acceleration is strong and confident, while the suspension delivers a quiet, composed ride on both city streets and highways. Available all wheel drive enhances traction and stability in changing conditions.

Technology is fully integrated. The touchscreen infotainment system includes navigation, Apple CarPlay, and Android Auto for seamless connectivity. A premium audio system delivers rich sound throughout the cabin, and multiple USB ports keep devices charged.

Safety is a priority with Honda Sensing. Adaptive Cruise Control, Collision Mitigation Braking, Lane Keeping Assist, Blind Spot Monitoring, and a rear view camera all work together to support confidence behind the wheel.

Comfortable, capable, and packed with family friendly features, the 2018 Honda Pilot Touring is ready for daily routines and weekend adventures alike. Book your test drive with Bannister GP Honda today!
