2024 GMC Sierra 1500

A BOLD PRESENCE THAT SETS THE STANDARD.

OVERVIEW The 2024 GMC Sierra is astoundingly advanced and exceedingly premium. Sierra Denali Ultimate and AT4X trims lead styling, interior and technology across lineup, including trailering-capable Super Cruise driver assistance technology on select models and 13.4-inch-diagonal infotainment screen. The available ProGrade™ Trailering System brings a smart approach to putting your pickup to work.

POWERTRAIN CHOICE The Sierra includes an enhanced 2.7L TurboMax High-Output engine and 8-speed automatic transmission with shift scheduling revisions, standard on Pro, SLE and Elevation. Also available are the proven 5.3L V-8 and the 6.2L V-8 with Dynamic Fuel Management. All V-8 engines and the available 3.0L Duramax are matched with a 10-speed automatic transmission.

DESIGN The Sierra features an elevated exterior design and expressive interiors, with enhanced technology integration. Sierra’s powerful profile and distinctive stance turn heads and make a statement on the jobsite or out on the town. Available unique interior design includes cockpit-oriented instrument panel along with a functional centre console that features electronic shift control.

CARGO CAPABILITIES More cargo room than the competition and available features like the MultiPro tailgate really make the Sierra 1500 stand out against the competition. The available GMC CarbonPro™ bed features carbon-fibre composite material that provides excellent scratch, dent and corrosion resistance while offering available best-in-class short bed cargo volume 1,809 L (63.9 cu. ft.)

AT4X The AT4X trim offers an exclusive premium interior and advanced off-road capability, with features such as Multimatic DSSV dampers, Factory-installed 2” suspension lift, 2-Speed AutoTrac™ transfer case front and rear e-lockers and Terrain Mode with one-pedal crawling, while delivering excellent on-road comfort and trailering capability.
