2018 Ford F-150

Built tough and ready for anything, the 2018 Ford F-150 XLT delivers the strength, technology, and everyday comfort that have made the F-150 one of the most trusted trucks on the road.

On the outside, the F-150 features a bold grille, strong body lines, and a high strength aluminum alloy body that reduces weight while maintaining durability. The XLT trim adds chrome accents and stylish wheels, giving the truck a confident and refined appearance.

Under the hood, the 5.0L V8 delivers strong horsepower and impressive torque for towing and hauling. Paired with a smooth 10 speed automatic transmission, the F-150 offers responsive acceleration and efficient highway performance. When properly equipped, the truck provides impressive towing capacity, making it ready for trailers, boats, or job site equipment.

Inside, the XLT trim offers a comfortable and functional cabin designed for everyday use. Premium cloth seating, a power adjustable driver's seat, and a spacious rear seat area provide plenty of room for passengers or crew. Smart storage compartments throughout the cabin make it easy to keep tools and gear organized.

Technology keeps you connected on the road. The SYNC infotainment system includes a touchscreen display with Apple CarPlay and Android Auto compatibility, allowing seamless access to navigation, music, and hands free communication. Steering wheel mounted controls make it easy to manage features while driving.

Safety features support confidence behind the wheel. Stability control, traction control, a rear view camera, and advanced driver assistance systems help enhance awareness in traffic, while the truck's strong frame and engineering provide dependable protection.

Powerful, versatile, and built for work or play, the 2018 Ford F-150 XLT delivers the capability and comfort that make it one of the most popular trucks in its class. Book your test drive with Bannister GP Honda today!
