2024 Buick Encore GX

*GM CERTIFIED PRE-OWNED RATES @ 4.99% O.A.C

The 2024 Buick Encore GX Sport Touring AWD in bold, radiant red is the perfect blend of performance, premium features, and striking style—all wrapped in a compact SUV that’s designed to turn heads while fitting effortlessly into your everyday life. With just under 5,000 kilometers on the odometer, this Encore GX is virtually new and ready to deliver years of reliable, comfortable, and efficient driving. It’s the ideal vehicle for individuals or couples seeking a luxurious, tech-forward daily driver with added flair and athleticism.

The Sport Touring trim takes everything drivers love about the Encore GX and dials up the design. From its exclusive gloss black grille to the sculpted body lines and body-colored lower accents, the red exterior pops with a dynamic, sporty attitude that sets it apart from anything else in its class. Sleek LED headlamps and taillights, 18-inch aluminum wheels, and integrated roof rails add both function and visual impact, giving the vehicle a confident, ready-for-anything stance. Whether you’re arriving at the office, pulling up to a weekend getaway, or navigating tight city streets, this Encore GX makes a statement without shouting.

Under the hood, the 2024 Sport Touring is powered by a highly efficient and responsive 1.3-liter turbocharged inline-three engine. It pairs seamlessly with a 9-speed automatic transmission and Buick’s intelligent all-wheel drive system to deliver confident traction and smooth performance in any weather condition. Whether you’re navigating slippery winter roads or winding through rain-slicked curves, this Encore GX adapts effortlessly—while still achieving excellent fuel economy that keeps operating costs low. It’s proof that you don’t have to sacrifice driving enjoyment for efficiency.

Inside, the Encore GX Sport Touring offers a refined and intelligently designed cabin, balancing premium materials with practical versatility. Seating for five is generous, and the thoughtful layout creates a comfortable space for both driver and passengers. The supportive front seats—trimmed in high-quality materials—are heated for added comfort, while the leather-wrapped steering wheel with mounted controls puts everything you need right at your fingertips. The 40/60 split-folding rear seats allow for easy configuration between passenger space and cargo capacity, and with the seats down, you’ll have plenty of room for luggage, sports gear, or whatever your adventures require.
