If you’re looking for a virtually brand-new subcompact SUV that delivers unbeatable value, modern simplicity, and incredible fuel efficiency, this 2022 Hyundai Venue Essential IVT in a vibrant blue exterior with just over 10,000 kilometers is a standout option. With its ultra-low mileage and like-new condition, this Venue Essential offers the perfect solution for students, first-time buyers, city commuters, or anyone who wants a reliable daily driver with minimal operating costs and just the right balance of modern features.

Under the hood, this Venue is powered by Hyundai’s tried-and-true 1.6-liter four-cylinder engine, mated to an Intelligent Variable Transmission (IVT) that sends power to the front wheels. This pairing offers a smooth, responsive, and efficient drive with fuel economy ratings as low as 7.5L/100km in the city and 6.9L/100km on the highway. Whether you’re maneuvering through downtown traffic, cruising through the suburbs, or heading out for a weekend drive, this setup ensures you’re making the most of every litre of fuel. The IVT transmission mimics traditional gear shifts for a more natural driving feel while continuously adjusting to optimize efficiency and performance.

Despite being the Essential trim, this Venue doesn’t skimp on comfort or practicality. The cabin is clean, smartly designed, and surprisingly spacious for a subcompact crossover. With seating for five and generous headroom and legroom in both the front and rear seats, it delivers comfort beyond its class. The durable cloth upholstery is ideal for everyday use, and the large windows offer excellent visibility, making the cabin feel open and airy. The elevated ride height gives you the advantage of an SUV-like view of the road, while still being easy to get in and out of—perfect for busy city life.
