## 2024 GMC Sierra 1500

Full-Size Capability, Smart-Size Payments: 2024 GMC Sierra 1500 Crew Cab 4x4 Elevation

### Overview

They say there's no replacement for displacement—and this 2024 GMC Sierra 1500 proves it. Under the hood sits the legendary 5.3L EcoTec3 V8, paired with a silky-smooth 10-speed automatic transmission and backed by GMC's proven 4x4 system. With 59,847 km on the odometer, this Sierra is just getting broken in—and the best part? The previous owner took the lion's share of the depreciation, leaving you with a like-new truck at a fraction of the original MSRP.

### The Elevation Difference

The Elevation trim is all about attitude. It takes the Sierra's muscular stance and adds monochromatic style that turns heads on the job site and the jobsite:

**20" Black Wheels:** Aggressive gloss black alloy wheels that demand attention

**Blacked-Out Accents:** Dark grille, badging, and mirror caps for that sleek, modern look

**Body-Colour Bumpers:** A seamless, upscale appearance

### Performance That Works as Hard as You Do

**5.3L V8 Power:** 355 horsepower and 383 lb-ft of torque—ready to tow, haul, and conquer

**20" Black Wheels:** Aggressive gloss black alloy wheels that demand attention
