2023 Nissan Z

The 2023 Nissan Z Performance Coupe carries on the legacy of an icon while redefining what a modern sports car should be. With stunning design, thrilling power, and precise handling, it's built to deliver pure driving excitement every time you get behind the wheel.

At its heart is a 3.0-litre twin-turbo V6 engine, producing an impressive 400 horsepower and 475 Nm of torque, paired with a 6-speed manual transmission for purists. Rear-wheel drive and a performance-tuned suspension give the Z the balance and agility it's famous for, making every curve a reason to smile.

The exterior is a perfect blend of classic inspiration and modern design. Its long hood, sleek profile, and aggressive stance pay homage to the original Z while standing out as something entirely new. 19-inch RAYS® forged alloy wheels, Akebono® performance brakes, and a sport-tuned exhaust highlight the Performance trim's athletic edge.

Inside, the driver-focused cockpit combines modern technology with premium touches. Leather-appointed seats, heated front seats, and a 12.3-inch digital display put everything you need at your fingertips. The 8-inch touchscreen infotainment system with Apple CarPlay® and Android Auto™, plus an upgraded Bose® premium audio system, ensures that every drive sounds as good as it feels.

With its perfect mix of power, style, and heritage, the 2023 Nissan Z Performance isn't just a car—it's a statement.
