2019 Chevrolet Corvette

The 2019 Chevrolet Corvette Z06 is an icon in every sense of the word—blisteringly fast, aggressively styled, and engineered with the track in mind. Born from Corvette’s racing DNA, the Z06 takes everything great about the legendary American sports car and pushes it into true supercar territory.

At the heart of the Z06 is a 6.2-litre supercharged V8 engine, roaring to life with 650 horsepower and 881 Nm of torque. When paired with the 8-speed automatic transmission, this Corvette rockets from 0 to 100 km/h in under 3 seconds, delivering brutal acceleration and track-tuned precision in every gear.

Built on a lightweight aluminum chassis with magnetic ride control, performance traction management, and Brembo® brakes, the Z06 handles with razor-sharp responsiveness while remaining surprisingly composed on the street. Whether it’s a Sunday cruise or a lap around the track, this car feels like a race machine that’s somehow road legal.

The exterior is pure aggression—wide fenders, carbon fibre accents, functional vents, quad exhaust, and massive 19-inch wheels wrapped in Michelin® Pilot Sport Cup tires. It looks fast standing still—and sounds even faster in motion.

Inside, the cockpit is focused yet refined, with leather and suede seating, heated and ventilated sport seats, a flat-bottom performance steering wheel, and driver mode selector. Add in features like navigation, Bose® premium audio, Apple CarPlay®, and a colour head-up display, and you’ve got comfort and technology to match the power.

From every angle and at every speed, the 2019 Corvette Z06 is a masterpiece of American performance—raw, refined, and absolutely unforgettable.
