2024 GMC Acadia

The 2024 GMC Acadia Elevation is a three-row SUV that combines bold styling, family-friendly versatility, and advanced technology. With its confident presence and refined interior, it's built to stand out on the road while keeping everyone comfortable on the journey.

Power comes from a 2.0-litre turbocharged 4-cylinder engine producing 228 horsepower and 350 Nm of torque, paired with a smooth 9-speed automatic transmission and all-wheel drive for year-round capability. With a balanced ride and responsive handling, the Acadia Elevation is just as comfortable in the city as it is on long highway drives.

The Elevation trim adds a distinctive touch with 20-inch gloss black aluminum wheels, black exterior accents, and a bold, modern grille. Inside, you'll find premium cloth seating, tri-zone automatic climate control, and a spacious cabin that comfortably seats up to seven passengers, with flexible cargo options thanks to split-folding rear seats.

Technology is at your fingertips with a 10.2-inch GMC infotainment system, Apple CarPlay® and Android Auto™, Wi-Fi hotspot capability, and multiple USB ports. Safety is standard with automatic emergency braking, lane-keeping assist, forward collision alert, and a rearview camera for extra confidence.

With its combination of style, capability, and family-ready comfort, the 2024 GMC Acadia Elevation is the SUV that makes every trip feel like an upgrade.
