2022 Mitsubishi Outlander

The 2022 Mitsubishi Outlander GT S-AWC in white with just over 102,000 km is a striking example of a modern, fully equipped SUV that blends bold styling with advanced capability. Its crisp, angular lines, distinctive Dynamic Shield front grille, and LED lighting signature create an upscale and assertive look, while the clean white finish adds a touch of elegance. The GT trim sits at the top of the Outlander lineup, bringing an impressive suite of features and the kind of refinement you'd expect from a flagship model.

Under the hood, you'll find a responsive 2.5L four-cylinder engine paired with an efficient CVT transmission, delivering a balance of smooth power and excellent fuel economy. The Super All-Wheel Control (S-AWC) system is the heart of its confident driving character, intelligently managing torque to each wheel for exceptional stability, grip, and cornering performance in all weather and road conditions. With selectable drive modes, you can tailor the Outlander's handling for snow, gravel, eco, or normal driving scenarios, making it versatile year-round.

Inside, the GT S-AWC wraps you in comfort and technology. Premium leather seating, heated front and rear seats, and a heated steering wheel make even long drives a pleasure. The driver benefits from a fully digital display and an intuitive infotainment system with Apple CarPlay, Android Auto, and premium audio. The spacious three-row layout ensures the Outlander can comfortably accommodate family, friends, or extra cargo, with flexible folding configurations to adapt to your needs.

Safety is a standout, with Mitsubishi's advanced driver assistance suite, including adaptive cruise control, lane departure warning, blind spot monitoring, forward collision mitigation, and rear cross-traffic alert. These systems work seamlessly to help keep you and your passengers protected.

With its well-maintained condition, proven reliability, and just over 102,000 km on the clock, this 2022 Outlander GT S-AWC offers the perfect blend of style, performance, space, and capability—making it equally at home on a city commute, a snowy backroad, or a weekend getaway.
