2022 Hyundai Santa Cruz

Bannister Hyundai’s Certified Pre-Owned program offers extended warranty up to 6 years/120,000 km, 24 /7 roadside assistance, and a 30-day exchange privilege. Enjoy worry-free ownership with rates from 3.99% to 6.29% OAC. (See Dealer For Details)

The 2022 Hyundai Santa Cruz Preferred AWD with the Trend Package, finished in a rich and distinctive brown, offers a refreshing and bold alternative to both traditional SUVs and conventional pickup trucks. This versatile Sport Adventure Vehicle is purpose-built for drivers who demand capability, comfort, and standout design all in one unique package. With just over 45,500 kilometers on the odometer and the remainder of Hyundai’s comprehensive 5-year/100,000 km factory warranty still intact, this Santa Cruz delivers peace of mind along with a compelling blend of performance, luxury, and everyday practicality.

At its core is Hyundai’s highly capable 2.5-liter inline-four engine, paired to a smooth-shifting 8-speed automatic transmission and advanced HTRAC all-wheel drive. This powertrain offers responsive acceleration, delivering 191 horsepower and 181 lb-ft of torque—more than enough muscle for merging, passing, and weekend getaways. The AWD system continually adjusts torque distribution between the front and rear wheels to enhance grip and stability in all weather conditions, from snow-covered roads to wet, winding highways. With an excellent fuel efficiency rating for its class, the 2022 Santa Cruz keeps fuel costs in check without sacrificing the utility you need for work and play. When properly equipped, it offers a towing capacity of up to 3,500 pounds and a payload capacity nearing 1,700 pounds—making it more than ready to tow small trailers or carry gear for camping, biking, or home improvement projects.

Where the Santa Cruz Preferred truly separates itself from the ordinary is in its seamless balance between rugged practicality and upscale refinement. The Trend Package elevates the cabin and exterior with thoughtful upgrades, adding sophistication without compromising utility. Step inside and you’re welcomed by a cabin that blends ergonomic functionality with premium touches. The seats are upholstered in high-quality cloth and trimmed with soft-touch materials throughout, while the interior design
