2024 Nissan Rogue

The 2024 Nissan Rogue SV combines bold design, advanced technology, and everyday versatility in one sleek, confident SUV. With its modern styling, refined comfort, and impressive efficiency, the Rogue SV is built to make every drive effortless — from weekday commutes to weekend adventures.

Under the hood, a 1.5-litre turbocharged 3-cylinder engine delivers strong performance with remarkable fuel economy. Paired with Nissan's Xtronic® CVT and Intelligent All-Wheel Drive, the Rogue adapts instantly to changing road conditions, offering both smoothness and confidence no matter the terrain.

Inside, the SV trim welcomes you with a premium interior designed for comfort and convenience. Heated front seats, a power-adjustable driver's seat, and a heated leather-wrapped steering wheel make every journey more enjoyable. The dual-zone automatic climate control ensures both driver and passengers ride in perfect comfort, while the remote engine start system adds a touch of luxury to your daily routine.

Technology takes centre stage with a 12.3-inch digital dashboard, a large touchscreen infotainment system, Apple CarPlay®, Android Auto™, and NissanConnect® services. Multiple USB ports and voice recognition keep you connected and in control with ease.

Safety is second nature, thanks to Nissan Safety Shield® 360, which includes blind spot warning, lane departure warning, rear cross-traffic alert, and intelligent emergency braking. Combined with Intelligent Cruise Control, the Rogue SV helps protect you and your family on every trip.

Stylish, efficient, and smartly equipped, the 2024 Nissan Rogue SV is the perfect SUV for modern life — ready for whatever the road brings next.
