2023 Ram 2500

The 2023 RAM 2500 Limited 4x4 Crew Cab is the definition of heavy-duty power wrapped in premium comfort. Built to handle the toughest jobs while offering first-class refinement, it's the truck for drivers who demand strength without compromise.

Under the hood, this RAM is powered by a 6.4-litre HEMI® V8 engine delivering 410 horsepower and 582 Nm of torque, paired with a smooth 8-speed automatic transmission. With its 4x4 capability, advanced suspension, and exceptional towing and payload capacity, the RAM 2500 Limited is ready for work, play, and everything in between.

The exterior makes a commanding statement with its chrome accents, 20-inch aluminum wheels, and bold RAM styling. The Crew Cab design ensures plenty of room for passengers, while the durable bed is built to carry whatever the job requires.

Inside, the Limited trim elevates the truck to luxury status. You'll find premium leather seating, heated and ventilated front seats, a heated steering wheel, and real wood and leather trim throughout. Advanced technology keeps you connected with a massive 12-inch Uconnect® touchscreen, Apple CarPlay® and Android Auto™, navigation, and a premium Harman Kardon® sound system.

Safety is just as strong, with features like adaptive cruise control, blind-spot monitoring, forward collision warning with active braking, and a 360-degree surround-view camera.

Capable, refined, and built to impress, the 2023 RAM 2500 Limited 4x4 Crew Cab is more than just a truck—it's a statement of power and luxury.
