2025 GMC Yukon XL

POWER, LUXURY, AND CAPABILITY

Following the all-new GMC Acadia and next-gen GMC Terrain, the addition of the updated 2025 GMC Yukon completes GMC’s reimagined SUV lineup. Representing the ultimate mixture of sophistication and functionality, the 2025 Yukon provides customers with even more design options and upgraded technology on both the Denali Ultimate and first-ever AT4 Ultimate trims.

POWERTRAIN LINEUP

The Yukon is powered by a diverse lineup of engines— including an enhanced Duramax® 3.0L Turbo Diesel now available on all models. The 6.2L EcoTec3 V8 engine is available on AT4 and standard on AT4 Ultimate and both Denali models. The L84 5.3L EcoTec3 V8 engine is standard on Elevation and AT4. All engines are paired with a 10-speed automatic transmission

REFRESHED - INSIDE AND OUT

As the flagship of the brand, the 2025 Yukon sets a new bar for GMC’s distinctive and premium design language. The Yukon’s interior blends a precisely crafted mix of luxury and technology for an exceptional driver and passenger experience, while the elevated exterior design commands attention with the application of unique grille patterns, liftgate badging, animated headlamps and taillamps

CAPABILITY

Yukon offers available advanced trailering-assistance tech to help streamline the hitching and towing process, so you can tow with added confidence. Available Four-corner Air Ride Adaptive Suspension can raise the vehicle up to 2 inches to improve ground clearance when off-road. The addition of the AT4 Ultimate trim fuses
