2023 Nissan Rogue

The 2023 Nissan Rogue SV is the perfect blend of practicality, style, and advanced features. As one of Canada’s most popular compact SUVs, it’s built to make every drive easier—whether it’s the daily commute, weekend road trips, or family errands.

Power comes from a 1.5-litre VC-Turbo™ 3-cylinder engine, producing a confident 201 horsepower and 305 Nm of torque, paired with an Xtronic CVT® for smooth, efficient performance. With all-wheel drive and selectable drive modes, the Rogue adapts seamlessly to changing conditions, from snowy streets to open highways.

The SV trim adds thoughtful features that elevate every journey. Inside, you’ll find premium cloth seating, heated front seats, a heated steering wheel, dual-zone automatic climate control, and a cabin designed for comfort and space. The rear seats slide and recline, while the generous cargo area makes room for all of life’s essentials.

Technology is at your fingertips with a 8-inch NissanConnect® touchscreen, Apple CarPlay® and Android Auto™, Intelligent Key with push-button start, and remote engine start with intelligent climate control. Safety is front and centre with Nissan Safety Shield® 360, including automatic emergency braking, blind spot warning, lane departure warning, rear cross-traffic alert, and intelligent driver alertness.

Stylish, efficient, and packed with features, the 2023 Nissan Rogue SV delivers everything you need in a modern SUV.
