2025 Acura MDX

Performance inspired design meets premium comfort in the 2025 Acura MDX A-Spec. This three row luxury SUV blends bold styling with advanced technology and confident power, creating a driving experience that feels both athletic and refined.

From the outside, the A-Spec stands out with gloss black accents, larger sport wheels, dark exterior trim, and distinctive badging. The aggressive front fascia and sharp LED lighting give the MDX a commanding presence that looks as dynamic as it drives.

Under the hood, a 3.5L V6 engine delivers 290 horsepower paired with a smooth 10 speed automatic transmission. Acceleration is strong and responsive, while the available Super Handling All Wheel Drive system enhances grip and cornering stability. The sport tuned suspension keeps the ride composed without sacrificing comfort.

Inside, the cabin reflects Acura's focus on precision and luxury. Sport seats with perforated leather and Ultrasuede inserts, red contrast stitching, heated and ventilated front seats, and a flat bottom steering wheel create a true A-Spec atmosphere. The three row layout offers generous space for passengers, and the power folding third row makes cargo adjustments quick and simple.

Technology is advanced and intuitive. A large center display with navigation, Apple CarPlay, and Android Auto keeps you connected. A premium ELS Studio 3D audio system delivers immersive sound throughout the cabin. A fully digital driver display provides clear, customizable vehicle information.

Safety is comprehensive. AcuraWatch includes Adaptive Cruise Control, Collision Mitigation Braking, Lane Keeping Assist, Blind Spot Monitoring, and a surround view camera system to support confidence in all driving conditions.

Bold, athletic, and loaded with premium features, the 2025 Acura MDX A-Spec delivers luxury SUV performance with unmistakable style. Book your test drive with
