2024 GMC Sierra 1500

Experience the power and versatility of the 2024 GMC Sierra 1500 Elevation, designed for drivers who demand capability, comfort, and advanced technology in every journey.

Built with a robust 5.3L ECOTEC3 V8 engine delivering 355 horsepower and 383 lb-ft of torque, this 4x4 crew cab short box truck offers Dynamic Fuel Management for optimized performance and efficiency. Whether towing heavy loads or navigating rugged terrain, the Sierra 1500's locking limited-slip differential and tow hitch ensure confidence and control. Inside, the driver enjoys a power-adjustable seat with lumbar support and a heated steering wheel, making long drives more comfortable in any weather. The multi-zone climate control and heated mirrors add to the cabin's convenience, while the advanced safety suite—including lane departure warning, front collision mitigation, and automatic high beams—provides peace of mind on every trip. Stay connected with smart device integration, Bluetooth, WiFi hotspot, and a built-in navigation system, all easily managed through steering wheel audio controls. The back-up camera and fog lamps enhance visibility and safety, while aluminum wheels and privacy glass complete the rugged yet refined exterior look. For those who need a dependable truck that balances power, technology, and comfort, the Sierra 1500 Elevation is ready to perform.
