2024 Kia Forte

FREE DELIVERY IN NORTHERN AB/BC!

Modern style meets everyday value in the 2024 Kia Forte EX+. This compact sedan delivers a sleek design, impressive fuel efficiency, and a long list of comfort and technology features that make every drive more enjoyable.

On the outside, the Forte EX+ stands out with its sharp body lines, bold front grille, LED lighting, and sporty profile. It has a clean, upscale look that gives it strong curb appeal while still being easy to drive and park in the city.

Under the hood, the efficient 2.0L 4 cylinder engine delivers smooth, dependable performance paired with an intelligent automatic transmission. It offers excellent fuel economy and a composed ride, making it a smart choice for commuting, road trips, or daily errands.

Inside, the EX+ trim adds comfort and convenience where it matters most. Heated front seats, a heated steering wheel, premium cloth seating, and dual zone climate control create a cabin that feels more refined than you might expect in this class. Rear passengers also benefit from generous legroom, while the large trunk gives you plenty of space for groceries, luggage, or gear.

Technology is one of the Forte's biggest strengths. The touchscreen infotainment system includes Apple CarPlay and Android Auto for seamless smartphone integration. A digital driver information display keeps key details easy to read, while wireless charging and multiple USB ports help keep devices powered and ready.

Safety is built in with Kia's advanced driver assistance features. Blind Spot Monitoring, Forward Collision Avoidance, Lane Keeping Assist, Rear Cross Traffic Alert, and a rear view camera all work together to enhance awareness and confidence behind the wheel.
