2025 Hyundai Elantra

The 2025 Hyundai Elantra Preferred IVT is a standout choice for drivers who want modern style, impressive efficiency, and everyday comfort in a sedan that delivers exceptional value. Its bold exterior design immediately catches the eye, with sharp character lines, a confident front grille, and a sleek, aerodynamic profile that gives the Elantra a premium presence well beyond its class. This is a vehicle that looks just as good pulling into the office parking lot as it does cruising through the city.

Step inside and you'll find a thoughtfully designed cabin that prioritizes comfort, space, and usability. The Preferred trim offers supportive seating, quality materials, and a clean, contemporary layout that feels welcoming and intuitive. Generous legroom for both front and rear passengers makes this Elantra an excellent choice for daily commuting or longer road trips, while the quiet ride helps create a relaxed driving environment. The trunk is impressively spacious for a compact sedan, adding real practicality to its stylish design.

Technology is a major strength of the 2025 Elantra Preferred. The digital display and user-friendly infotainment system keep essential information and entertainment right where you need it, with seamless smartphone integration for navigation, music, and hands-free communication. Convenience features such as heated front seats, a heated steering wheel, keyless entry, and push-button start add a premium feel to everyday driving, making every trip more enjoyable no matter the season.

On the road, the Elantra delivers smooth, confident performance that's perfectly matched to its Intelligent Variable Transmission. The ride is composed and comfortable, while responsive handling makes it easy to drive in both city traffic and on the highway. Fuel efficiency is another highlight, helping keep ownership costs low without sacrificing performance. This balance of comfort and efficiency makes the Elantra a smart choice for drivers who want dependable performance with excellent mileage.

Safety is at the forefront of Hyundai's design, and the 2025 Elantra Preferred is equipped with advanced driver-assist technologies that help provide peace of mind on every drive. From features designed to support awareness in busy traffic to systems that help protect you and your passengers, the Elantra offers confidence that rivals more expensive competitors. Combined with Hyundai's strong reputation for reliability and excellent warranty coverage, this sedan represents outstanding long-term value.
