Designed with families in mind, the 2023 Kia Carnival LX delivers space, comfort, and everyday practicality in a modern, easy to drive package. With its SUV inspired styling, wide stance, and clean exterior lines, the Carnival offers a fresh alternative to traditional minivans while remaining perfectly suited for busy family life.

Inside, the Carnival LX provides a spacious and flexible cabin built to handle everything from school runs to long road trips. Seating for the whole family comes with excellent headroom and legroom across all three rows, making it comfortable for both kids and adults. Wide sliding doors make loading passengers, car seats, and groceries simple, while the fold flat rear seats allow the interior to quickly transform from people mover to cargo hauler.

Family friendly technology is thoughtfully integrated. The touchscreen infotainment system supports Apple CarPlay and Android Auto, keeping navigation, music, and hands free calling easy to manage. Multiple USB ports throughout the cabin ensure everyone can stay connected and charged, even on longer drives.

On the road, the 2023 Carnival LX delivers a smooth, quiet ride that keeps passengers comfortable. Acceleration is confident, steering is light and predictable, and the suspension is tuned to absorb bumps and rough pavement, helping make every drive calm and stress free for the whole family.

Safety is a top priority. Advanced driver assistance features such as Forward Collision Avoidance, Lane Keeping Assist, Blind Spot Monitoring, and Rear Cross Traffic Alert help support awareness and confidence in busy traffic and parking situations.
