## 2023 Ford Explorer

### WE DELIVER ANYWHERE IN CANADA!

The 2023 Ford Explorer Timberline is built for drivers who want real capability wrapped in everyday comfort. With its rugged styling, unique front fascia, orange accents, and higher ride height, it looks ready for trails, snow, and everything in between.

Under the hood, a strong turbocharged engine delivers confident power for highway merging, towing, and off road exploring. The Timberline trim adds off road tuned suspension, all terrain tires, and enhanced 4WD capability, giving you extra grip and control when the pavement ends. It feels stable and composed whether you are on gravel roads or cruising through the city.

Inside, the cabin balances durability with comfort. Seating is supportive and designed for long drives, while heated front seats and a heated steering wheel help take the edge off cold mornings. The interior layout is practical and family friendly, with three rows of seating and flexible cargo space for gear, groceries, or luggage.

Technology is modern and easy to use. The touchscreen infotainment system includes Apple CarPlay and Android Auto, along with navigation and Ford's connected services. Multiple drive modes and trail focused displays help you adjust to changing road conditions with confidence.

Safety is well covered with Ford Co-Pilot360 features like blind spot monitoring, lane keeping assist, adaptive cruise control, and pre collision assist helping support awareness on every drive.

The 2023 Ford Explorer Timberline is a strong choice for drivers who want SUV versatility, off road capability, and everyday comfort in one capable package. Book your test drive with Bannister GP Honda today!
