The GMC Sierra 3500HD Denali is a heavy-duty pickup that combines rugged capability with upscale comfort and cutting-edge technology. Built on a strong foundation, it delivers impressive towing and hauling performance thanks to its available Duramax diesel engine and robust drivetrain, making it well-suited for demanding work and serious trailers. At the same time, the Denali trim elevates the experience with premium touches like a bold signature grille, stylish wheels, and an upscale interior with heated and ventilated seats, a large touchscreen infotainment system with Google built-in, and a customizable digital gauge cluster. Advanced driver-assist and safety features, along with conveniences such as a MultiPro tailgate and 360-degree camera system, help make every drive both confident and comfortable, whether you're on the job site or heading out on a long trip.
