2025 GMC Sierra 1500

WE DELIVER ANYWHERE IN CANADA!

The 2025 GMC Sierra 1500 SLT brings premium refinement to true half-ton truck capability. With its bold grille, distinctive C-shaped LED lighting, and strong, squared-off stance, this Sierra stands out whether it's pulling up to the jobsite or the front door. A powerful gasoline engine, smooth automatic transmission, and advanced 4x4 system (when equipped) give you confident acceleration, towing strength, and stability in changing road or weather conditions.

Open the door and you're greeted by a cabin that feels more like a modern SUV than a work truck. Leather-appointed seating, a heated steering wheel, and heated front seats keep you comfortable in all seasons, while the large color touchscreen with built-in navigation (when equipped), Apple CarPlay, and Android Auto keeps your maps, music, and calls right at your fingertips. The digital driver display, thoughtful storage solutions, and quiet, well-insulated interior make long drives easier and everyday errands feel a little more special.

The 2025 Sierra 1500 SLT also looks after you with a suite of smart safety and driver-assist features. Systems like lane-keeping support, forward collision alert with automatic emergency braking, and a high-definition rear or surround-view camera (when equipped) help you stay aware of your surroundings and more confident behind the wheel. Whether you're towing, commuting, or heading out for a weekend away, the Sierra 1500 SLT delivers the comfort, technology, and strength you expect from a premium GMC pickup. Book your test drive with Bannister GP Honda today.
