2021 Kia Sorento

This 2021 Kia Sorento EX AWD in a sleek gray finish brings together modern style, everyday practicality, and a suite of upscale features that make it an exceptional value in the midsize SUV segment. With just under 83,000 km on the odometer, this well-maintained example still carries the remainder of Kia’s 5-year/100,000 km comprehensive warranty, giving you added peace of mind and protection as you drive away in a vehicle built for family life, long road trips, and everything in between.

Beneath the hood, the 2021 Sorento EX AWD is powered by Kia’s efficient 2.5-liter four-cylinder engine, producing 191 horsepower and 181 lb-ft of torque. Paired with an 8-speed automatic transmission and an intelligent all-wheel-drive system, it delivers composed, confident handling in all weather conditions. Whether you’re cruising the highway or navigating snow-covered side roads, this Sorento adapts effortlessly while offering impressive fuel economy at an estimated 9.7L/100km on the highway and 11.1L/100km in the city.

Inside, the cabin has been thoughtfully designed for families and commuters alike. The Sorento EX seats up to seven with its second-row captain’s chairs and a third-row bench seat that folds flat for additional cargo space when needed. The second-row seats slide and recline for added passenger comfort and easy access to the rear. With all rear seats folded down, you’ll be surprised by how much room this SUV offers for weekend gear, furniture, or road trip luggage.

Comfort is a priority in this trim, and it shows. Leatherette upholstery, a power-adjustable driver’s seat with lumbar support, heated front seats, and a heated steering wheel make cold mornings far more pleasant. Dual-zone automatic climate control helps keep everyone comfortable, regardless of where they’re seated. The Sorento’s thoughtful storage solutions—like door cubbies, console space, and rear cargo tie-downs—add to the everyday functionality.

On the technology front, the Sorento EX is up to date with a 10.25-inch touchscreen display featuring built-in navigation, Apple CarPlay, Android Auto, Bluetooth, and voice controls. USB ports are available for all three rows, and the available wireless phone charging pad ensures your devices are always ready to go. Smart key access with push-button start adds a layer of everyday convenience that makes hopping in and out a breeze.
