2024 Chevrolet Silverado 1500

WHEN THE TRAIL ENDS. GO BEYOND.

OVERVIEW Silverado features an elevated exterior design, and expressive interior with enhanced technology. In- side, the spacious and functional interior offers comfort with convenience to match with an available 13.4-inch diagonal infotainment touch-screen and 12.3-inch diagonal Driver Information Centre, plus available Super Cruise hands-free driver assistance technology with trailering on High Country.

POWERTRAINS An enhanced version of the 2.7L TurboMax High-Output engine offers more torque than any base engine in it's class. Also available are the proven 5.3L V-8 and the 6.2L V-8 with Dynamic Fuel Management. All V-8 engines and the available 3.0L Duramax are matched with a 10-speed automatic transmission selected and calibrated for that application. 3.0L Turbo-Diesel engine now available on ZR2

NINE DISTINCTIVE TRIMS On the exterior, every trim receives a unique front fascia and grille design that lowers the headlamps to emphasize the Silverado's strength and stability. Our lineup of Silverado Special Editions offers the distinctive style customers want and the powerful capability they expect.

BED AND BOX The sturdy, roll-formed high-strength-steel construction of the bed floor is the foundation for a class- leading 2,523 L (89.1 cu.ft.) of standard cargo bed volume. Durabed is designed to help you get more done. There are also 12 standard tie-downs — 3 times more than any competitor. The Multi-Flex Tailgate is available on all 9 trim levels and offers 6 different functions.

TRAILERING FEATURES Trailering features, like Hitch Guidance with Hitch View, Trailer Tire Pressure Monitor, Trailer Light Sequence testing and circuit monitoring, and the Trailer Camera Package, make trailering more convenient, easier, and helps make it safer. Hands-free trailering is a reality—you can pull your trailer with added comfort and confidence with available Super Cruise.

*Some equipment may not be available on all GM models. Models with the Duramax Diesel engine are not eligible for the MSRP. Please contact the dealership for details.
