## 2023 GMC Acadia

Allow us to introduce our One Owner 2023 GMC Acadia AT4 AWD, ready for fearless family adventures in Summit White! Powered by a 3.6 Litre V6 generating 310hp connected to a 9 Speed Automatic transmission for capability on command. This All Wheel Drive SUV also boasts Active Torque Control for exploring off-road, and it returns approximately 9.0L/100km on the highway. Rugged and refined, our Acadia grabs attention with LED lighting, fog lamps, a black chrome grille, matching accents, gloss-black alloy wheels and roof rails, a hands-free liftgate, dual exhaust outlets, and heated power mirrors with built-in turn signals.

The AT4 cabin is sized right for busy days, keeping up to six people impressively comfortable with heated front seats, an 8-way power driver's seat, a wrapped steering wheel, tri-zone automatic climate control, cruise control, keyless access/ignition, and remote start. Roam free but remain connected with an 8-inch touchscreen, WiFi compatibility, wireless Android Auto®/Apple CarPlay®, Bluetooth®, and Bose audio.

GMC helps keep you safer with smart features including an HD backup camera, automatic braking, lane-keeping assistance, blind-zone alert, parking sensors, forward collision alert, rear cross-traffic alert, a rear-seat reminder, and more.
