Mazda’s “KODO: Soul of Motion” design philosophy is on full display, with its flowing body lines, muscular stance, and sculpted front end. The GT Turbo trim adds a touch of performance attitude with black 18-inch alloy wheels, larger dual exhaust outlets, gloss black accents, and subtle badging that hint at what lies beneath the hood. The turbocharged engine transforms the CX-30 from a commuter-friendly crossover into a dynamic and engaging driver’s vehicle—perfect for those who appreciate both everyday usability and a sporty edge.

Despite its strong performance, the GT Turbo remains impressively efficient for its class, with a combined fuel consumption of approximately 9.0-9.5 L/100 km. The i-Activ AWD system continuously monitors road conditions and distributes torque between the front and rear wheels as needed, ensuring confident handling in all seasons, from dry pavement to snowy winter roads.
