## 2025 GMC Yukon

Striking in looks and function, our Diesel-powered 2025 GMC Yukon Elevation 4WD in Silver is a hardworking machine that has just what families need! Motivated by a TurboCharged 3.0 Litre Duramax Diesel 6 cylinder providing 305hp and 495lb-ft of torque to a 10 Speed Automatic transmission. This Four Wheel Drive SUV also features a limited-slip rear differential and an Autotrac transfer case for comfortable capability, and it sees approximately 9.0L/100km on the highway. Fierce and functional design cues include LED lighting, fog lamps, chrome accents, black assist steps, roof rails, a power liftgate, and 20-inch wheels.

Our Elevation cabin is crafted for comfort and convenience, offering three rows of premium accommodations, including heated Coretec/leather front and second-row seats, a power third row, a heated-wrapped steering wheel, tri-zone automatic climate control, keyless access/ignition, and remote start. The 16.8-inch infotainment screen and 11-inch driver display create a digital command post supporting Google Built-in compatibility w/nav, Bose audio, wireless Apple CarPlay®/Android Auto®, Bluetooth®, and WiFi compatibility.

A long list of GMC safety technologies is on board, including front/rear automatic braking, HD surround vision, automatic parking assistance, blind-spot monitoring, lane-keeping assistance, and more.
