2023 Honda Civic Si Sedan

The 2023 Honda Civic Si takes everything people love about the Civic and injects it with a serious dose of performance and style. With its sporty design, engaging drive, and modern technology, it's built for drivers who want excitement every time they hit the road.

Under the hood sits a 1.5-litre turbocharged 4-cylinder engine, producing 200 horsepower and 260 Nm of torque, paired exclusively with a slick 6-speed manual transmission. The short-throw shifter, rev-matching feature, and precise steering make the Civic Si a true driver's car. With its sport-tuned suspension and limited-slip differential, cornering feels sharp and controlled, whether you're on city streets or winding country roads.

The Si's exterior stands out with its bold styling—gloss-black trim, a distinctive rear spoiler, 18-inch alloy wheels, and dual chrome exhaust tips. Step inside, and the driver-focused cabin features Si-exclusive sport seats with red stitching, a 12-speaker Bose® premium audio system, and a fully digital 10.2-inch instrument cluster.

Technology is everywhere, with a 9-inch touchscreen display, Apple CarPlay® and Android Auto™, and Honda Sensing® safety features like adaptive cruise control, lane keeping assist, and collision mitigation braking.

Fun, stylish, and practical enough for everyday use, the 2023 Honda Civic Si proves you don't have to sacrifice performance for efficiency and reliability.
