2023 GMC Yukon XL

WE DELIVER ANYWHERE IN CANADA!

The 2023 GMC Yukon XL SLE is a full size SUV built for families, road trips, and drivers who need serious space without sacrificing comfort. Its bold exterior design, signature GMC grille, and extended body style give it a commanding presence on the road while offering the extra room that makes every drive easier.

Powered by a strong and capable engine, the Yukon XL delivers smooth performance and confident highway driving. Whether you are carrying passengers, towing a trailer, or loading up for a weekend getaway, this SUV handles it with ease. The ride stays quiet and composed, making long drives more comfortable for everyone inside.

The spacious interior is one of the Yukon XL's biggest strengths. With three rows of seating and generous legroom throughout, passengers can stretch out and enjoy the ride. The extended wheelbase also creates exceptional cargo space behind the third row, giving you plenty of room for luggage, sports gear, groceries, or travel equipment.

Inside the cabin, the Yukon XL SLE features a clean and modern layout with quality materials and intuitive controls. The large touchscreen infotainment system includes Apple CarPlay and Android Auto, allowing seamless access to navigation, calls, music, and apps. Multiple USB ports and smart storage solutions make it easy to stay organized and connected on the go.

Safety and driver assistance features help add confidence behind the wheel with systems designed to support awareness, lane control, and braking assistance during everyday driving.

The 2023 GMC Yukon XL SLE is a practical and capable SUV that delivers the space, comfort, and versatility needed for busy lifestyles and long adventures alike.
